## Sci-Fi movies

Transformers 2

Harry Potter 6

The hobbit

Where the Wild Things Are

### Transformers 2

Full title: Transformers: Revenge of the Fallen

Running time: 150 minutes

Taking place two years after its predecessor, the plot revolves around Sam Witwicky, who is caught in the war between two factions of alien robots, the Autobots, led by Optimus Prime and the Decepticons, led by Megatron. Sam is having strange visions of Cybertronian symbols, and being hunted by the Decepticons under the orders of an ancient Decepticon named The Fallen, who seeks to get revenge on Earth by finding and activating a machine that would provide the Decepticons with an energon source, destroying the Sun and all life on Earth in the process. Returning Transformers include Optimus Prime, Bumblebee, Ironhide, Ratchet, Megatron, Starscream, and Scorpionok.

### Harry Potter 6

Full title: Harry Potter and the Half-Blood Prince

Running time: N/S

Lord Voldemort is tightening his grip on both the wizarding and Muggle worlds, kidnapping Ollivander from Diagon Alley and destroying the Millennium Bridge. After the Malfoy family is disgraced when Lucius is apprehended and sent to Azkaban for his involvement with the Death Eaters, Voldemort chooses Draco to carry out a secret mission at Hogwarts. Bellatrix Lestrange and Narcissa Malfoy, Draco's mother, seek help from Severus Snape, who claims to have been acting as a mole within the Order of the Phoenix all along. Snape makes an Unbreakable Vow with Narcissa to protect Draco and fulfill the assignment if he fails.

### The hobbit

Full title: The Hobbit, or There and Back Again

Running time: N/S

Bilbo Baggins, the titular protagonist, is a respectable, reserved hobbit.[4][5] During his adventure, Bilbo often refers to the contents of his larder at home and wishes he had more food. Until he finds a magic ring, he is more baggage than help. Gandalf, an itinerant wizard,[6] introduces Bilbo to a company of thirteen dwarves. During the journey the wizard disappears on side errands dimly hinted at, only to appear again at key moments in the story. Thorin Oakenshield, the proud, pompous[7][8] head of the company of dwarves and heir to the destroyed dwarvish kingdom under the Lonely Mountain, makes many mistakes in his leadership, relying on Gandalf and Bilbo to get him out of trouble, but he proves himself a mighty warrior. Smaug is a dragon who long ago pillaged the dwarvish kingdom of Thorin's grandfather and sleeps upon the vast treasure.

### Where the Wild Things Are

Full title:Where the Wild Things Are

Running time: 100 minutes

The film centers on a lonely eight-year-old boy named Max who sails away to an island inhabited by creatures known as the "Wild Things," who declare Max their king. The film begins with Max, a lonely eight-year-old boy[6] with an active imagination whose parents are divorced, wearing a wolf costume and chasing his dog. His older sister, Claire, does nothing when her friends crush Max's snow fort (with him inside) during a snowball fight.

- Fields marked with \* are required

**Form exercise with Bootstrap**

Name\*:

Surname\*:

Address:

Username\*:

Password\*:

Confirm password\*:

Date of birth:

Gender: ☒ Male ☐ Female

☒ Receive newsletter  
☐ I agree to [terms of service](#)

- Form has to be sent to your email address. The sent data should not be displayed in the URL
- *Terms of service* is a link to a *terms.pdf* document located in the same directory as the HTML document. The user has to agree before submitting the form.
- Use a *row* class for each group of label+control, with grids 2-10 for small and larger devices
- Use spacing utilities to organize the controls (mt and mb)
- Controls should belong to class *form-control* for having a gray rounded border. Labels should belong to class *form-label*
- Submit button should belong to *btn* and *btn-primary* classes for it to be blue
- Reset button should belong to *btn* and *btn-outline-secondary* classes
